

## Iraq's new rooftop solar panel manufacturer

How much do solar panels cost in Iraq? Although increasingly cost-effective, solar panel systems in Iraq still cost between 5 and 10 million Iraqi dinars, with the average 5-6 kilowatt system priced around 5 million dinars. Many users say they recoup the upfront cost within one-to-three years, and most systems come with a 15-year warranty. Can solar panels help farmers irrigate in Iraq?

MOSUL, Aug 5 () - Weary of paying big bills for power supplies that are often cut off, wheat grower Abdallah al-Ali is among the rising number of farmers to have turned to solar panels to keep their irrigation systems running during the searing heat of the Iraqi summer. How much solar power will Iraq have in ? The country has a plan to install 12 gigawatts of solar capacity by , according to the ministry of electricity, which includes delivering a 1 GW solar plant for Basra this year. Peak summer demand in , meanwhile, is expected to reach 55 GW, while supply stands at just 27 GW, according to estimates by Iraq's electricity minister in January. Why is Iraq turning to solar?

"Farmers are turning to solar to reduce their bills and lower the load on water pumps. The electricity from solar is stable," he said. Apart from its oil riches, Iraq has vast solar potential that the authorities say they will use to close the gap between supply and demand, at the same time, reducing carbon emissions. Why is Iraq struggling with energy?

A member of the Organization of the Petroleum Exporting Countries, and one of the world's leading oil producers, Iraq has struggled to provide its citizens with energy since the U.S.-led invasion that toppled Saddam Hussein. The Power Up newsletter provides everything you need to know about the global energy industry. Sign up here. Are middle- and low-income people buying solar panels?

Omar Abdul Kareem Shukr, who heads Sama al-Sharq Company, which sells solar panels, told that even middle- and low-income citizens are buying solar systems as government initiatives have been put in place to encourage solar panel use. Iraq's Ministry of Industry and Al-Zawraa Company launched an integrated 750 MW solar panel factory to cover local demand, marking a major step in localizing clean energy production. On farmland and on rooftops, Iraqis turn to solar as Farmers across Nineveh can use both rooftop panels and ground-mounted arrays, placed on farmland, to power irrigation systems and supply household needs. In urban areas, panels are tightly Iraq to produce Solar Panels

The Al-Zawraa General Company, part of Iraq's Ministry of Industry and Minerals, has unveiled plans to establish an integrated and advanced manufacturing plant for solar panels, with an Ibtekar Al Rafidain

In the years ahead, solar power is poised to become a cornerstone of Iraq's energy future--and at the heart of this transformation is Ibtekar Al Rafidain, a pioneering Wzayrona Solar Energy

Established in October , our company provides high-quality solar solutions to meet the growing energy demands in Iraq. We import premium products from China and India and 750MW!

Iraq to Build First Comprehensive Solar Panel Factory

PVTIME - On Friday 24 October, Iraq's Ministry of Industry and Minerals announced plans to build the country's first comprehensive solar panel manufacturing plant, Solar Panel Iraq - Leading the way in sustainable At Solar Panel for General Trading, we offer complete solar energy solutions including system design, product supply, professional installation, and ongoing maintenance. Energco Iraq - Energco Iraq

With over ten years of specialized experience in the
