

## Morocco outdoor power supply customization

---

Do I need a travel adapter to plug a charger into Morocco? However, it is possible you'll need an adapter to plug the charger into a Morocco outlet. Morocco uses electrical outlets and power plugs of types C & E (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. What are the different types of power plugs in Morocco? In Morocco, there are two main types of power plugs and outlets: Type C and Type E. Type C: Type C plugs have two round prongs on either side of the plug, commonly known as Euro plugs. Mostly used in Europe, South America, and Africa. Type C outlets can be fit with either Type E or Type F plugs. Can I use a universal power adapter in Morocco? Universal power adapters usually come with multiple plug types and can be adjusted to fit Morocco outlets and many others. If your devices are not compatible with the voltage in your destination country, a voltage converter or transformer will also be necessary to convert the voltage to the appropriate range for your devices. What type of power outlet does Morocco use? See our product selection criteria and guidelines here. Which power outlets do they use in Morocco? Morocco uses Type C and Type E power outlets. Type C outlets are one of the most widely-used electrical outlets in Europe, while Type E is common in France as well as Morocco and is compatible with Type C. What do Morocco electrical outlets look like? When you are going on a trip to Morocco, be sure to pack the appropriate travel plug adapter that fits the local sockets. But what do those electrical outlets look like? In Morocco, types C and E are the official standards. Since type F plugs are identical to type E plugs, they can also be used with type E sockets. Which plugs fit in a Type E outlet in Morocco? Plug types C and F also fit in a type E outlet. If you're not sure whether the outlets and plugs used in your country are the same as in Morocco, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Morocco provide a standard voltage of 127V with a standard frequency of 50Hz.
