

## Mozambique company produces solar energy storage

Who is building a solar power plant in Mozambique? The Spanish group TSK has won the contract to build the Cuamba solar power plant in the Niassa province of Mozambique. What is Globeleq's first greenfield project in Mozambique? The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio. Will Cuamba solar deliver clean power to the Mozambican grid? Mike Scholey, Globeleq's CEO remarked: "We are extremely excited to now have Cuamba Solar officially delivering clean power to the Mozambican grid via EDM and supporting both the local economy and the Government's efforts to build more renewable power. Why should you invest in the Cuamba solar and storage plant?" The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district. Globeleq, Source Energia and EDM have all invested in this project - a public-private partnership that demonstrates the confidence of international investors in Mozambique. Who inaugurated the Cuamba solar plant? On 14 September, H.E. Filipe Nyusi, President of the Republic of Mozambique, Hon. Carlos Zacarias, the Minister of Mineral Resources and Energy and other distinguished guests officially inaugurated the Cuamba Solar plant, which is Mozambique's very first combined utility-scale solar and energy storage plant. What is Cuamba solar power plant? "The Cuamba Solar Power Plant project aims to increase energy availability in the country through both public and private investments, with growing contribution from renewable energy sources; and addresses a strategic objective outlined in the Government's Five-Year Programme. Independent power producer Globeleq has brought a 19MWp, 2MW/7MWh energy storage plant in Mozambique into commercial operation. Independent power producer (IPP) Globeleq has brought a 19MWp solar PV, 2MW/7MWh energy storage plant in Mozambique into commercial operation. The Cuamba Solar plant is Globeleq's first greenfield project in Mozambique, its first combined solar and storage facility in its operational portfolio, and

LONDON / MAPUTO, 1 November : Globeleq, the leading independent power company in Africa and its project partners, Source Energia, an energy developer focused on Lusophone Africa, and Electricidade de Moçambique (EDM), the Mozambican national power utility, confirms that it has now received Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially underway. Cuamba Solar PV and battery energy storage plant in Mozambique. Image Credit: Source Energy Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy African focused renewable energy independent power producer, Globeleq, and its project partners, Source Energia and Electricidade de Moçambique (EDM) have announced the commencement of construction for the 19MWp (15MWac) Cuamba Solar PV plant and a 2 MW (7MWh) energy storage system in Mozambique. Globeleq, Source Energia and Electricidade de Moçambique (EDM) have started construction on the first IPP in Mozambique to integrate utility-scale energy storage with a solar PV plant. The Board of Directors of the Export-Import Bank of the United States (EXIM) has approved an unprecedented \$1.6 Mozambique's main body to promote renewable energy

access, FUNAE, expects that the capacity of on-grid renewable energy from independent power producers (IPP) will increase to 575. Independent power producer (IPP) Globeleq has brought a 19MWp solar PV, 2MW/7MWh energy storage plant in Mozambique. Mozambique solar-plus-storage plant enters. The Cuamba Solar plant is Globeleq's first greenfield project in Mozambique, its first combined solar and storage facility in its operational portfolio, and the first in the country, and went into operation last month, it. **GLOBELEQ'S FIRST COMBINED SOLAR** The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio. Mozambique: Solar, battery energy storage plant. Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially underway. The plant supplies clean energy to Electricidade de Moçambique (EDM), Mozambique switches on 19 MW/7 MWh solar-plus-storage plant. Source Energia, an energy developer, and Mozambique's national utility, Electricidade de Moçambique (EDM), are also partners in what is touted to be the country's Mozambique photovoltaic energy storage project. Mozambique's Ministry of Mineral Resources and Energy has kicked off a tender for the development of decentralized solar and battery storage systems in the provinces of Nampula, **MOZAMBIQUE SOLAR PLUS STORAGE PLANT ENTERS** Mozambique container energy storage project. SCU provides a 2MWh 40ft energy storage container system and a 1500kVA UPS for a gemstone mine in Mozambique to ensure the Mozambique solar power plant equipment. Yesterday, our sister site PV Tech reported that Mozambique energy company Ncondezi Energy, which primarily operates coal power plants, is forming a joint venture (JV) with South African. **Globeleq Begins Commercial Operations at Cuamba Solar and Globeleq**, Africa's independent power producer, has today announced the launch of commercial operations at the 19 MWp Cuamba Solar PV and 7 MWh energy storage plant. **GLOBELEQ'S FIRST COMBINED SOLAR & BATTERY** "The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district. Mozambique solar energy storage power generation. Independent power company Globeleq and project partners, Source Energia and Electricidade de Moçambique (EDM) have celebrated the start of construction of a solar PV plant with Mozambique solar-plus-storage plant enters commercial operation. The Cuamba Solar plant is Globeleq's first greenfield project in Mozambique, its first combined solar and storage facility in its operational portfolio, and the first in the country, and **GLOBELEQ'S FIRST COMBINED SOLAR & BATTERY STORAGE** The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio. Mozambique: Solar, battery energy storage plant kicks into gear. Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially underway. The plant supplies clean energy to **GLOBELEQ'S FIRST COMBINED SOLAR & BATTERY STORAGE** "The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning
