

## Suriname 1 New Energy solar Site

Suriname Solar Project: 10,000 Panels Arrive via UAE Grant With the delivery of 10,000 solar panels, the first phase of Suriname's photovoltaic project is now complete, thanks to a \$50 million grant from the United Arab Emirates (UAE). The project, which will see Suriname start building hybrid solar microgrids to power 25 villages, is building three hybrid solar microgrids in Suriname, combining solar panels, energy storage, and diesel backup to power 25 remote villages across the country. The construction of three hybrid solar power plants in Suriname is underway to supply 25 villages with electricity. The plants, located in Daume, Cajana, and Galibi, will combine solar panels, energy storage, and diesel backup to power 25 remote villages across the country. First phase of Suriname photovoltaic project delivered PowerChina completes the first phase of the photovoltaic microgrid project in Suriname, providing a continuous power supply to 12 isolated villages. Solmatec NV | A Suriname-based solar energy company As an officially recognized solar installer by NV Energie Bedrijven Suriname (NV EBS) and proud member of the Suriname Energy Chamber (SEC), we offer certified excellence and local trust. Project in Suriname SOLAR ENERGY - OPPORTU Solar Energy Market in Suriname is a renewable energy source. The country receives large amounts of sunlight, with an average of 7.2 hours of sunshine per day and an average daily solar radiation of 18.5 MJ/m². Suriname rural villages to benefit from new CDF funded project Residents of 10 rural communities in Suriname are expected to benefit from a multi-million US dollar electrification project funded by the Suriname solar power: Stunning 5 MW Project Cuts Diesel Use As a nation rich in natural resources, this pivot towards renewables is a critical move, reflecting a broader trend in Suriname solar news. The 5 MW solar PV microgrid was Why Now is the Perfect Time to Go Solar in Suriname Our friendly and knowledgeable team will answer your questions and help you determine if solar energy is the right choice for you. Together, let's power up your future and Suriname Solar Project: 10,000 Panels Arrive via UAE Grant With the delivery of 10,000 solar panels, the first phase of Suriname's photovoltaic project is now complete, thanks to a \$50 million grant from the United Arab Emirates (UAE).
