

## **Ukrainian energy storage battery**

---

DTEK and Fluence have begun commissioning Ukraine's largest battery energy storage system, a 200 MW/400 MWh installation spread across six sites that represents one of the biggest storage deployments in Eastern Europe. Ukraine's biggest battery storage project goes online Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh Battery Maker Fluence Energy Contracted to "The partnership with Fluence further signals our commitment to leading the way in battery storage, both in Ukraine and across Europe. Together, we will deliver state-of-the-art technology that will strengthen Ukraine's energy Ukraine's DTEK invests in major battery storage to bolster energy Ukrainian private energy firm DTEK has launched the country's largest battery storage facility to ensure stable power supplies in the face of Russian attacks on Ukraine's DTEK and Fluence energise the largest battery storage facility in Six new battery storage systems of varying capacities - from 20 to 50 MW each - have been connected by DTEK to the power grid in the Kyiv and Dnipropetrovsk regions. Ukraine's largest battery energy storage project DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest battery energy storage project, the company announced on July 10 at the Ukraine Recovery Conference Ukraine's largest battery storage project enters DTEK and Fluence have begun commissioning Ukraine's largest battery energy storage system, a 200 MW/400 MWh installation spread across six sites that represents one of the biggest storage Fluence Energizes Ukraine's Largest Battery Fluence Energy, in partnership with DTEK Group, has successfully completed Ukraine's largest battery-based energy storage project, with a capacity of 200 MW, in under six months. This project consists of six Ukraine's energy giant launches critical battery storage system DTEK has launched the largest battery storage facility in eastern Europe to bolster Ukraine's energy system ahead of expected mass Russian attacks on infrastructure this winter, the DTEK selects Fluence to Deploy 200 MW Battery The project, spread across locations at strategic points around the country, is Ukraine's first national roll-out of dispatchable, grid-forming battery storage, able to supply short-term power for around 600,000 homes. DTEK and Fluence turn on 200MW Ukraine battery storage units IPP DTEK Group and system integrator Fluence have together put a 200MW/400MWh BESS portfolio in Ukraine into commercial operation, a milestone praised by Ukraine's biggest battery storage project goes online Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh Battery Maker Fluence Energy Contracted to Deliver 200-MW Energy "The partnership with Fluence further signals our commitment to leading the way in battery storage, both in Ukraine and across Europe. Together, we will deliver state-of-the-art Ukraine's largest battery energy storage project enters final DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest battery energy storage project, the company announced on July 10 at the Ukraine's largest battery storage project enters commissioning DTEK and Fluence have begun commissioning Ukraine's largest battery energy storage system, a 200 MW/400 MWh installation spread across six sites that
