JC Mont-Fort wins 50 MW solar concession in Côte d'Ivoire On December 2, , JC Mont-Fort's Ivorian subsidiary, Katiola Solar Power, signed a landmark concession agreement with the Government of Côte d'Ivoire to implement a 50 megawatt peak Côte d'Ivoire's Solar Plan: 12 New Plants, 678 MW The Republic of Côte d'Ivoire is planning to build 12 photovoltaic solar plants with a combined capacity of 678 MW in different parts of the country by . Likewise, the government plans to reach Côte d'Ivoire plans 12 solar plants by COTE D'IVOIRE unveils ambitious plans to bolster its renewable energy infrastructure, with the government announcing its intention to construct 12 solar plants by , as revealed by Energy Minister Mamadou

Winning Bidder Announced to Provide Solar Power IFC and the Government of Côte d'Ivoire today announced Infinity Power Holding as the winning bidder to design, finance, build, and operate two grid-connected solar PV plants in Côte d'Ivoire. The first solar power plant in Côte d'Ivoire supplies The Boundiali solar power plant, which has now been officially inaugurated, contributes to the avoidance of 35,000 tonnes of CO2 emissions and thus to global climate protection. The new power plant supplies Côte d'Ivoire: 50MW solar plant launched to drive energy transition The 50MWp Kong Solaire project in the Tchologo region of Côte d'Ivoire has been officially launched. It will eventually meet the electricity needs of up to 240,000 people under a InfraCo Africa invests to develop a 50 MWp solar The plant will be equipped with the latest solar panel technologies to maximise its electricity production. Connected to a transmission line and a substation located near the site, the plant will Next Is Africa Côte d'Ivoire has entered a new phase in the deployment of renewable energy with the official launch of Ferkessidougou Solar, a photovoltaic power plant developed by PFO Energies, a subsidiary of PFO Africa. Côte d'Ivoire Approves \$60M USD Solar Plant as Part of The Government of Côte d'Ivoire has approved the development of a solar power plant in Katiola, designed to produce 85,934 MWh of electricity annually. The \$60 million project is part of the Construction kicks off for Côte d'Ivoire's largest solar plant Workers have already begun installing 70,000 next-generation solar panels. The plant will generate 90 GWh annually, nearly doubling the country's solar capacity, powering JC Mont-Fort wins 50 MW solar concession in Côte d'Ivoire On December 2, , JC Mont-Fort's Ivorian subsidiary, Katiola Solar Power, signed a landmark concession agreement with the Government of Côte d'Ivoire to implement a 50 megawatt peak Côte d'Ivoire's Solar Plan: 12 New Plants, 678 MW by The Republic of Côte d'Ivoire is planning to build 12 photovoltaic solar plants with a combined capacity of 678 MW in different parts of the country by .
